REPORT OF THE SELECTMEN

To the Citizens and Taxpayers of Haverhill:

The year 1967 has seen a steady increase in the number of out-of-staters who have chosen to purchase property in our fair Town. In a tax climate more favorable than most, and in an area surely divinely blessed with natural beauty, it is our hope they will build their vacation and/or retirement homes.

We have looked, with pleasure, upon the growth of the Shoe shop in Woodsville, as well as the opening of Forest Hills and Grossman's in North Haverhill. Town and Country Homes, Inc. sold many, many lots in their development, and sewage permits received from the State indicate a fine future growth in this area, for our Town.

The completion of the extension of Route 302 in Woodsville corrected a bad traffic problem in that precinct, and we look forward to the summer when the dangerous curve at the Horse Meadow cemetery will be eliminated.

There is little more we can say about the loss of Richard J. Evans, who served as Superintendent of the Woodsville Water and Light Dept. He served his Town well and will be difficult to replace. He is sorely missed by us all.

The next few years will be of particular challenge to all of us. Our Town must find a way to advance economically while retaining at the same time the charm which we love; the natural attraction which calls us back, wherever we may travel.

Study this report. Ask questions, and they will be answered.

Your continued support is gratefully requested.

HAVERHILL POLICE DEPARTMENT

To the Selectmen:

Herein I submit my annual report as Chief of Police of the Town of Haverhill.

43 accidents investigated

5 escaped prisoners captured. 4 from the Grafton County Farm and one from the Coos County Farm.

27 criminal cases prosecuted in court.

29 motor vehicle cases prosecuted in court.

1 car stolen from town investigated, thief apprehended and prosecuted by the F.B.I. on the Interstate Transportation Act.

We had officers on road construction most of last summer and it looks like we will continue this service next summer.

We had only two juvenile cases in court this year. This is a very low number for the size of this community and it is a credit to the parents and the boys and girls. Let's keep up the good work. I am very pleased.

The approximate total man hours for all complaints logged at the department—about 700. This is on the increase as the town grows and your municipalities have more problems and calls for service.

I want to thank the Selectmen, the Woodsville Fire District, and the general public for their cooperation this year.

Sincerely,

JOHN A. RODEN, *Chief*
Haverhill Police Department

*Program of the White Mountains
Region Association 1967 (30th year)*

N.H.-Quebec Information Booth.

Originated and sponsored an information booth trailer at Ayer's Cliff, Quebec. This project sold New Hampshire to people leaving Expo '67.

Snow Research.

Originated and prepared a 100-page application for research of snow erosion problems at our ski areas.

Whitewater Racing.

Introduced for the first time in the north country whitewater canoe races through an Androscoggin Weekend in September.

Fall Foliage.

Posted for the 20th consecutive season our 500-miles of fall foliage tours.

Other Projects.

Supported the 4-H programs with awards.

Studied and promoted various east-west highway routes for the north country.

Researched the need and supported a new bus connection from Littleton to Colebrook.

Received and answered 9,000 inquiries from outsiders who wanted to spend money in the White Mountains Region.

FOREST FIRE WARDEN FIRE RECORD

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 A.M. and 5:00 P.M. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set a good example for others in fire prevention.

WOODSVILLE PUBLIC LIBRARY**REPORT OF TRUSTEES**

If any one trend stands out during the past year at the Woodsville Public Library, it could be the so-called Information or Reading Explosion. Circulation is up—19,475 books and periodicals, 1,068 books over that of last year. Requests from students for reference material continue to multiply. With the cost of books rising annually, the library is hard-pressed to keep up with the demand. These days, a library just doesn't have time to stand still.

The Bookmobile continues to furnish us with much needed fiction and non-fiction reading matter. It made 5 calls this past year, plus answering, through the mail, many special orders needed for grade and high school work.

This summer, our Bookworm Reading Club, enrolled 61 grade schoolers. Prizes were awarded to each member reporting on 15 books read. We also held a Story Hour during part of the summer months with Cynthia Sweeney in charge, assisted by Mrs. Carol Griffin. Every Wednesday afternoon, the children came to the library and were introduced to new books as well as how to use library facilities. Sessions ended with a coke and cookie party to which mothers were also invited.

Weeding of books has been under way all year. Space is still at a minimum and plans are being made to construct some new shelving at the end of the present bookstacks. The problem of space, however, is critical. It is hoped that renovations to the library basement can be undertaken during the coming year to help solve this problem.

In July, library hours were changed. The library is now open from 1 until 8 every Monday, Wednesday, and Friday. These new hours seem to be working out very well in handling the rush of students to the library to study and pick out book and magazine selections for reference, etc.

The co-librarians attended five book meetings this year and one day a week 10-week Extension course in Library Techniques sponsored by UNH and the N.H. State Library. Mrs. Leonard attended the NHLA convention at the Highway Hotel

in Concord last May. Other activities include the furnishing of Easy Reading books to No. Haverhill grade school for Operation Head Start and the loaning of a film to an organization in Haverhill.

There have also been special displays of books and decorations at special times of the year, Christmas, Thanksgiving, National Library Week and others.

What with the increasing and intensive search for knowledge by young people and their parents, our library has been and is a very busy place indeed.

ANNUAL TOWN MEETING WARRANT

State of New Hampshire

To the inhabitants of the Town of Haverhill, in the County of Grafton qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, March 12, 1968, at eight o'clock in the afternoon to act on the following matters:

Article 1. To choose a Town Clerk.

Article 2. To hear the reports of the Selectmen, Treasurer, Cemetery Commissioners and any other Town officers heretofore chosen, and to pass any vote relating thereto.

Article 3. To choose one Selectman for the term of three years, a Town Treasurer, one Highway agent, one or more auditors, one Library trustee for the term of three years, one Cemetery Commissioner for the term of five years, one Trustee of Trust funds for the term of three years, and all other necessary Town Officers.

Article 4. To see if the Town will vote to contribute funds for the construction of Class V Highways, as provided in Chap. 118 Part 13, laws of 1945, as amended.

Article 5. To see if the Town will vote to make any alterations in the amount of money to be raised and appropriated for the ensuing year for the support of the Town as recommended by the budget committee in its report, to raise and appropriate all sums so determined for said purposes, and to pass any other vote relating thereto.

Article 6. To see if the Town will vote to authorize the Selectmen to issue interest-bearing notes or orders to provide for expenses of the current year in anticipation of taxes.

Article 7. To see if the Town will vote to authorize the Selectmen to distribute inventory blanks by mail, or at the time they examine the taxable property.

Article 8. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deeds by public sale or by receiving sealed bids.

Article 9. To see if the Town will vote to appoint or elect a Budget Committee to supervise the appropriations of the Town, and to recommend to the next annual Town meeting the amounts to be raised for various purposes, such recommendations to be printed in the next annual report.

Article 10. To see if the voters of the Town will vote to elect the Town Clerk for a term of three years, to be effective at the next Annual meeting, as provided in Chapter 243 Sect. I. Laws of 1967.

Article 11. To see if the Town will vote to contribute funds to pay its portion of the cost of Ambulance service for this area, to raise and appropriate the sum so determined, said funds to be disbursed by the Trustees of the Cottage Hospital.

Article 12. To determine what action the Town will take as to constructing a new bridge over the Connecticut River between the Towns of Haverhill and Newbury at the site of the present "Keyes Bridge" so-called, and to authorize the Selectmen to issue interest bearing notes or bonds, payable over a term of not less than Fifteen years, to equal the portion of the cost of said bridge determined to be the equitable share for said Town of Haverhill, and to raise and appropriate funds necessary to carry out any action taken under this article.

Article 13. To see if the Town will authorize the Selectmen to appoint a committee of five legal voters of the Town, of whom not more than two members shall be from the same part of the Town, to work with the Selectmen, for the purpose of making recommendations with reference to planning and zoning for the Town, and to propose regulations for consideration at the next annual Town meeting, or at a special town meeting called by the Selectmen at an earlier date.

Article 14. To see what action the Town will take to improve the "Dean Memorial" Airport, and to raise and appropriate funds necessary to carry out any action taken under this article.

Article 15. To transact any other business proper to come before said meeting.

Given under our hands and seal this 8th day of February A.D. 1968.

WOODSVILLE RECREATION

The 167 Recreation program commenced in May with the beginning of a double season in Little League baseball. A parade and opening-day ceremonies were held and over 60 boys participated in the double-leader activities. A Little League tag day to help defray the league operating cost was held prior to the season. Coaches included: Robert Frazer, Marshall Allen, Victor Roy, Bob Belyea, Buster Gould, Ray Doucet, Ronnie Magoon, Gene Auprey, Tom Liveston and Ron Hemenway.

The double season in baseball worked out very well as it paralleled school activities and Youth Recreation activities.

Outside games were played with Groton, McIndoes, West Lebanon and an all-star team selected from the four within-town teams played in the Lyndonville, Vermont Boys Tourney and did a commendable job.

A Little League mothers group was organized and among its activities was a food sale which contributed to the program financially.

During the month of September on Saturday mornings instructional clinics in baseball were held for Little Leaguers. Attendance averaged approximately 50 boys a morning.

It is anticipated that an additional Little League baseball field needs to be constructed to alleviate crowded practice sessions and to allow for farm teams games and practice.

Babe Ruth baseball commenced in June and the Woodsville entry, coached by Arnold Blood, was composed of 15 area youths. The thirteen through fifteen year old players participated in the Triangle Baseball League. New uniforms were purchased through the courtesy of the Woodsville Savings Bank and the local team did a fine job by finishing runner-up to champion, Newbury, Vermont. Playing equipment was purchased from the proceeds of the Donkey baseball game.

The Woodsville Summer Youth Recreation program began on July 6. More than 200 youth recreation children were enrolled in the program. Of this total, 34 were from Wells River and 3 were from North Haverhill. A staff of 15 was employed and a very intensified program was planned and conducted. Herbert Chamberlin's bus was contracted for the swimming trips to Hall's Lake and the summer weather accommodated the swimming instruction. Activities were scheduled regularly in the morning and many special events and innovations were

added. These included: a pet show, doll fashion show, bicycle rodeo, record hops, crafts exhibits, nature and crafts projects, leagues in baseball and basketball, clinics in baseball, basketball and fly-casting, weight lifting, fishing derby at Mountain Lake and picnic hikes. A Donkey Baseball game was sponsored by the Y.R. and a good attendance made it a successful financial venture. The Senior boys group enjoyed renovating the island and building a bridge across the river to it. Over 400 feet of 8 mm. motion picture was taken of the program and will be shown to students and parents in the Spring.

Richard "Wink" Tappley, N.H. State Director of Recreation, visited the summer program on two occasions and will be assisting in the forming of a recreation evaluation of the community in the near future.

The assistance of the "Job Corps" enabled many renovations on the community field to be accomplished. Some of these renovations included: painting of all buildings and backstops, dugout repair and painting, construction of fences, golf-tees and pitching mounds, renovation of ball diamonds, construction of signs, removal of brush and poison ivy, painting of backboards and repair of basketball court. \$120.00 worth of exterior paint was donated by E. B. Mann and Harold Wheeler and labor from the recreation council was donated in the repair of bleachers. Total expenditures on the Community Field through the "Job Corps" totaled over \$2,000.

The Summer Y-R Program furnished many recreational outlets for the needs of the 8-14 year old group. The need for playground equipment such as swings, teeter-totters and merry-go-rounds is imminent as the growth of the young segment of the program increases. Many thanks are extended to parents who helped make the program a great success.

In the area of adult recreation, an adult softball league was conducted on Sunday evenings and an informal town team baseball team played Newbury, Vermont several times during the summer. Tennis was played informally on the black top court also among the adult group.

A summer basketball league for high school age students was very successful. The league was comprised of six teams including: Orford, Lisbon, Groton, Wells River and two teams from Woodsville. The program was self-supporting through the employment of players fees.

The fall recreation program started in October with the opening of Youth Center. Dance bands throughout northern New

Hampshire and Vermont have been hired and attendance at Youth Center functions has been extremely high.

Little League basketball has been in operation since November, 1967 and with the advent of a triple season the caliber of play has improved steadily. New uniforms have been purchased and many thanks to the sponsors: McAllister's Gems, Rotary, Lions, Larty's, Legion and Independents (Woodsville Savings Bank).

An Adult Basketball League for players in the over 30 year age group has been planned and will be conducted during the late winter and early spring.

The Woodsville Recreation program has grown immensely and it is a program that townspeople can be proud of. A realistic outlook would be that in order to keep a good program going and to improve upon it, a realistic budget be incorporated. It is the expressed feeling of the Recreation Commission and the director that the funds supporting the program are inadequate now and must be increased before it becomes impossible to operate a community recreation program.

The 1967 Recreation Committee has been a very energetic, enthusiastic group. They have met often and spent long hours discussing and solving current recreation problems. They have lent insight and force to the program.

As Recreation Director, I want to extend my appreciation to the members of the Recreation Committee for their support, suggestions and devotion to the recreation program. It has been my sincere privilege to be associated with this group. It is refreshing to know that there still exist persons who are genuinely concerned with the welfare of our youth.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

1967-1968

My third annual report to the voters of the Woodsville School District is not one filled with complete optimism. State minimum regulations and the local tax base have been a frustrating experience for our local schools and superintendent.

For approximately ten years we have been living with secondary school minimum requirements for curriculum and facilities. During this period of time we have upgraded both our educational program and facilities at considerable expense to the local property taxpayer. At present, Woodsville High School is maintaining its status as an approved comprehensive secondary school and a member of the New England Association of Secondary Schools and Colleges. But, in order to maintain this accreditation status we will need some additional space for a larger school library. It might be of interest to note that originally library regulations were established according to state standards but at the present time we are working within the rules of the American Library Association.

In addition, elementary school guidelines have appeared on the scene. Woodsville Elementary School meets nearly all of the recommended practices with certain minor exceptions. But, the day is drawing near when these guidelines will become standards with certain changes made to upgrade elementary schools within the state.

In the very near future the educational T.V. facilities will become available to the Haverhill-Woodsville area. Television stations (UHF) are being constructed at Littleton and Hanover in order to feed programs into the area. Since we are situated at the mid-point between each signal, it is possible a translator will be installed in order for us to use the programs effectively. This new educational media and tool will certainly enhance our educational opportunities in this section of the state.

Our teaching staffs have done an outstanding job in both the elementary and secondary schools. With the teacher shortage

being what it is, we were very fortunate to fill all positions in Supervisory Union #23 with well-prepared and qualified personnel.

The 1968-69 budget is a very conservative one when one compares the increase in spending to the general economy and its inflationary impact. We have kept spending to a minimum but increases in teachers' salaries, school and custodial supplies, maintenance costs, etc., have made the job very difficult.

May I take this opportunity to thank the school board and taxpayers of Woodsville for their fine support during the past year.

Respectfully submitted,

NORMAN H. MULLEN
Superintendent of Schools

SUPERVISORY UNION #23
REPORT OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent.

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of Supervisory Union #23, during 1967-1968 will receive a salary of \$12,000.00, which is made up as follows: \$3,500.00 to be paid by the State Department of Education and \$8,500.00 prorated among the several school districts. Allowance of \$1,500.00 for travel within the Union is also prorated as stated above.

The table below shows the proration of salary and travel to each school district.

Most of us are quite familiar with the many varied interpretations of what education is and what the basic aims of our educational programs should be. Understandably the definition, the objectives, and the procedures for implementing an educational process will vary considerably depending upon the section of the country, whether it be rural or urban.

However, we can assume that regardless of geographical location, the primary aim of any educational system is growth as evidenced by one's development of his native abilities to their maximum potential. Such growth under the proper direction should serve not only to develop sound character and to solve the individual's personal and social problems but also to permit that individual to live intelligently in today's complex society by developing his abilities to anticipate the future.

With this basic philosophy in mind Woodsville High School is conscientiously attempting to provide the necessary educational experiences to assure all its students the adequate preparation to assume the many rights and responsibilities of an enlightened citizenry.

With the exception of the inclusion of a course in World Geography, during the 1966-67 school year no major changes have been made in our program of studies. However, we are continually striving to improve the quality of the educational program by such procedures as more emphasis on ability grouping not only in the English program but also in other instructional areas, including science, mathematics and social sciences.

These instructional areas have also been strengthened through supplementary teaching aids such as filmstrips, trans-

parencies, library references, etc. These aids have been made available to our schools under Title II of the New Elementary and Secondary Act of 1965.

The striving for academic excellence is evident not only in the professional attitude and dedication of the faculty but also in the student body. This is reflected by the many students who continue their formal education beyond high school. In the Class of 1967 60% were accepted at institutions of higher learning with three of our four honor students attending schools within the Ivy League.

The fall of 1967 brought a number of changes in the faculty at Woodsville High School. In the Home Economics Department Miss Carol Demarini was replaced by Miss Katherine Adamian; in the Science Department Mr. Albert Plante was replaced by Mr. Miles Cornthwaite. Miss Joanna Grummon of the Language Department was replaced by Mrs. Jean Spear. In the English Department Mrs. Bernadette Hill was replaced by Mr. George Armstrong and in the Social Studies Department Mr. Robert Richard and Mr. Everett Barnes were replaced by Mr. John Campobasso, Jr. and Mr. Archie Steenburgh, respectively.

Mr. Robert Fiset joined the faculty to implement the first full-time physical education program at Woodsville High School.

As in past years the extra-curricular program contributes greatly toward the basic aims of the total educational program. Our Glee Club and our Special Chorus under the capable direction of Miss Emery continue to participate in various school and non-school musical programs. The Woodsville High School Band has also been very active throughout the school year by participating in numerous concerts in the area and with other high schools.

Increased student interest in the extra-curricular program is recognized by greater student participation in the various clubs and organizations including the Drama, Science, French, Mathematics and Varsity Clubs and the National Honor Societies. Many worthwhile school and community projects were sponsored by these clubs during the school year.

Woodsville High School continues to uphold its fine athletic tradition. The soccer team, coached by Mr. Robert Richard, completed the regular season with an outstanding record of eleven wins, one loss and a tie. In the N.H.I.A.A. tournament

the Engineers advanced to the quarter-finals before bowing to Lancaster High School, the eventual state champions.

The same script can be written for the Engineers on the Basketball court and on the baseball diamond. Under the guidance of Coach John Bagonzi the basketball team advanced to the N.H.I.A.A. quarter-finals only to lose to Tilton-Northfield High School, the eventual state champions.

In the N.H.I.A.A. baseball tournament W.H.S. lost to Notre Dame High School who went on to the finals in the Class "M" tournament.

I wish to thank the school board, the superintendent of schools, the Woodsville High School faculty and the people of Woodsville and the surrounding communities for making this school year a most stimulating and rewarding experience.

WOODSVILLE ELEMENTARY SCHOOL

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I submit herein my annual report of the Woodsville Elementary School for the year ending December 31, 1967.

The school enrollment as of the writing of this report is 313. The enrollment by grades is as follows: Kindergarten—43, Grade 1—31, Grade 2—27, Grade 3—32, Grade 4—37, Grade 5—35, Grade 6—39, Grade 7—39 and Grade 8—30. The kindergarten enrollment of 43 includes 18 children from the Ryegate-Wells River area who are on a tuition basis. Grades 4 and 7 are in two sections.

There were no changes in the staff of the elementary school for the first time in several years.

The Remedial Reading Program for children in Grades 1-3 has continued this year under the direction of Mrs. Kathleen White. This program is financed under Title I of the Elementary and Secondary Education Act.

Educational television programs on the History of New Hampshire are being used by Grade 4 and Art by Grade 5.

The school lunch program continues to serve over 200 pupils and teachers each day. The program this year is under the direction of Mrs. Marjorie Paronto assisted by Mrs. Mary Dupuis and Mrs. Cecelia Laturnau.

The school library now has a total of 1,360 books. A set of the latest World Book Encyclopedia has been added to those already in the library.

A guidance program has been set up for Grades 7 and 8 under the direction of Mr. Frank Woodward, Guidance Director at Woodsville High School. Stanford Achievement Tests, School and College Ability Tests and Kuder Preference Tests have been administered to Grade 8 pupils. All pupils in Grades 7 and 8 will be interviewed by Mr. Woodward. Parents of Grade 8 pupils will have an opportunity to discuss with Mr. Woodward any problems as to which course would be the better for their children to take in high school during the registration period in the Spring.

Audio-visual equipment available for use by the teachers includes 3 television sets, 3 phonographs, 1 combination film-

strip and slide projector, 1 16mm. movie projector, 1 overhead projector and a copier which can be used for regular copies, for making transparencies for use with the overhead projector and for making master copies for use on the liquid duplicator.

Otis intelligence tests are given in Grades 3 and 6, Metropolitan Readiness tests in kindergarten and Stanford Achievement tests in Grades 1-8.

The Music Department presented a Christmas Program, Spring Music Program, assemblies in observance of Veterans Day and Memorial Day, and the Junior High Chorus sang Christmas music at the Woodsville Hospital and at the County Farm.

A Science Fair was held by the Junior High Science pupils in June. Many worthwhile exhibits were displayed and prizes awarded by members of the Science Department of Woodsville High School.

Boys and girls basketball teams and the boys baseball team played a regular schedule of games with nearby schools. For the second year in a row the boys basketball team won the Class A championship at the Junior High Basketball Tournament held in Bradford, Vt.

A physical education program has been started this year for pupils of Grades 7 and 8.

The transition from the traditional to the modern mathematics program which was introduced into the lower grades three years ago has been completed and all grades are now in the modern mathematics program.

I wish to thank Superintendent Mullen, the School Board and the members of the teaching staff for their cooperation in all matters.

Respectfully submitted,

GEORGE C. MCKELVEY
Principal

3/13/67 An educational film re: Cancer was shown to the Senior girls and their mothers. Dr. Berry spoke to the group following the film.

Four staff conferences were attended at the White Mountain Community Services Center in Littleton, N.H.

Several other professional meetings were attended during the year.

January 30-February 17, 1967, I had the privilege to attend a workshop on Rehabilitation at the Crotched Mountain Center in Greenfield, N.H. It was a most interesting workshop as we had lectures, films and observation in special classes. Lectures were given by doctors and specialists in the various departments. We observed at clinics and special school classes for the handicapped. There were over 100 children enrolled in the school for the deaf. There were also special classes for the brain damaged children as well as the physically handicapped that are unable to attend public school. There is also a vocational training program at the Center.

June 28-29, I attended a Mental Health workshop at Tower Inn in Jefferson, N.H.

I want to thank the Cohase Lions Club for their continued support of the Sight Conservation Program.

I also want to thank everyone who gave clothing to be used wherever needed.

Thanks also go to the 6th grade pupils for the donation of money to be used for special health needs.

I want to thank Mr. Mullen, Dr. Eastman, Mr. Evans, Mr. McKelvey and the teachers, parents and pupils for their continued cooperation in the school Health Program.

SCHOOL WARRANT
The State of New Hampshire

To the Inhabitants of the School District in the Town of Haverhill who are qualified to vote in district affairs:

You are hereby notified to meet at the North Haverhill School Auditorium on the 26th day of March, 1968, at eight o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officers, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will elect to approve of the inclusion of its officers and employees (other than those eligible under the Teachers Retirement System) in the New Hampshire Retirement System of the State of New Hampshire, which system is provided for by Revised Statutes Annotated Chapter 100-A, as inserted by 1967, 134 and as amended and any subsequent amendments thereto.

10. To see if the district will vote to create a cooperative school district planning committee consisting of three qualified voters of whom at least one shall be a member of the school board.
11. To see if the district will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low-income families, and to appropriate such funds as may be made available to the district under said federal act for such particular projects as may be determined by the school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate; and further authorize the school board to take any cooperative action with other school districts that it may deem necessary or advisable for said purposes.
12. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.
13. To see if the district will vote to authorize the application of any unanticipated income to expenses.
14. To transact any other business that may legally come before said meeting.

Given under our hands at said Haverhill this 31st day of January, 1968.

REPORT OF THE SUPERINTENDENT OF SCHOOLS**1967-1968**

It is indeed a pleasure for your superintendent to present his third annual report.

Through the generosity of the Merrill and Sanborn estates, the Haverhill Academy has been upgraded and renovated to provide a better educational opportunity for the secondary students of the district.

During the past year we have been able to develop a library area at the Academy that compares favorably with other schools of similar size. At present, our library collection is being replenished yearly to meet the needs of the student body and meet state minimum requirements.

In the science area, our new laboratory facilities and equipment permit us to develop a science program that will enable our students to compete favorably on the collegiate level.

The Academy has been completely painted and new tile floors have been laid in all rooms. With the new look, both students and teachers have taken new pride in doing a better job of teaching and learning.

Many other repairs and new equipment have been added to improve the quality of instruction at Haverhill Academy. Most of this has been made possible through the foresight of the Merrill-Sanborn Estates. To them we are eternally grateful.

At the Haverhill Consolidated we were all saddened this past fall with the passing of Mrs. Shirley Metcalfe. She was truly a resourceful, dedicated and motivated teacher and her passing has left a great void within the profession and, above all, at the Haverhill Elementary School.

The administrative and teaching staffs within the district are constantly evaluating the program to meet the needs of the

majority of our students and also to comply with state minimum requirements. These state-wide standards are constantly being upgraded and therefore making it more and more difficult for us to meet the requirements. We will continue to improve our facilities and curriculum to meet the challenge.

May I take this opportunity to thank the school board and taxpayers of Haverhill for their fine support during the past year.

Respectfully submitted,

NORMAN H. MULLEN
Superintendent of Schools

Some renovations were completed at the Academy during the summer. All the floors have been tiled; much painting has been done inside and outside the building; and the roof has been re-shingled.

The installation of the new science laboratory on the second floor of Pearson Hall is now complete and was made possible through the generosity of Hattie M. Sanborn.

A few changes have been made in the curriculum and we are hoping to be able to broaden our course offerings in the near future. The guidance department needs developing and our audio-visual equipment and material should be increased.

February 3, 1967. Mrs. Stark, Dental Hygienist from Division of Dental Public Health, Concord, N.H., presented special program on Dental Health. Mrs. Stark used films, flannel graphs and other materials in Grades 1-8.

Special dental kits and educational materials donated by the Crest Company were distributed in Grades 2 and 3.

At the annual Dental Clinic 53 pupils were examined and 39 received treatment. The following people transported the pupils to the Dental Clinic: Everett Sawyer, Mrs. Marjorie Wardrop, Mrs. Robert Ryan, Mrs. John Farnham, Mrs. Persis Moses, Mr. Roy Dunkley and Mrs. Alice Girouard.

The Haverhill Salvation Army Unit gave money to help complete needed work at the Dental Clinic.

In March a special film re: Cancer was shown to the Senior Girls and their mothers. Following the film showing Dr. Berry spoke to the group and answered questions.

January 30 to February 17, I had the privilege to attend a workshop on Rehabilitation at the Crotched Mountain Center in Greenfield, N.H. It was a most interesting workshop as we had lectures, films and observation at special classes in school for the deaf, classes for Cerebral Palsy, plus participation in actual care of children on the wards. We attended staff conferences and were given time for observation in all departments at the Center. There are over 100 children attending the school for the deaf at Crotched Mountain. It was most interesting to watch the basketball games played by this group.

June 28-29, I attended a Mental Health workshop at the Tower Inn in Jefferson, N.H. It is most stimulating to hear the speakers at these sessions.

During the year I attended 4 staff conferences at the White Mountain Community Services Center in Littleton, N.H.

Several other professional meetings were attended during the year.

All routine screening tests were completed and referrals made when necessary.

I want to thank Mr. Mullen, Mr. Evans, Mr. Morrill, the staff, and also parents and children for their continued cooperation in the school Health program.

SUPERVISORY UNION #23
REPORT OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent.

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of Supervisory Union #23, during 1967-1968 will receive a salary of \$12,000.00, which is made up as follows: \$3,500.00 to be paid by the State Department of Education and \$8,500.00 prorated among the several school districts. Allowance of \$1,500.00 for travel within the union is also prorated as stated above.

The table below shows the proration of salary and travel to each school district.
